Filing Date:	February 8, 1999	Attorney Docket:	2002832-0002
Title:	GOLF CLUB AND METHOD OF DESIGN		

Sir:

Applicant respectfully requests entrance of the following supplemental Remarks and submitted 37 CFR 1.132 Declaration in the above-identified case.

Enclosed is a second version of a 37 CFR 1.132 Declaration by Jerrett Garner as was submitted with the Response to Office Action and Request for Continued Examination mailed June 21, 2002. The present version corrects a typographical error in the last line of paragraph 2. The line has been corrected to read: "I can represent that all iron-type golf clubs made today are manufactured to have a zero lean angle." The corrected statement more accurately reflects the intent of the Declaration by Jerrett Garner.

Please charge any fees that may be required, or credit any overpayment, to our Deposit Account No. 03-1721.

Respectfully submitted,
